Flowering Perennials

	<p>Asclepias speciosa (Showy Milkweed) Prefers sun & little to moderate water. This monarch host plant boasts other-worldly pink flowers and wooly sage green leaves. Spreads by rhizomes and can be cut to the ground when stalks go dormant end of fall. Tolerates clay soil but performs best with good drainage. 5" band \$6.95 (Wholesale \$4.95) One Gallon \$11.95 (Wholesale \$6.95)</p>		<p>Salvia 'Bee's Bliss' Full sun & low water. Perfect as a ground cover or use to decoratively spill over a retaining wall. This pleasantly fragrant Salvia reaches 8ft wide to 8in tall and blooms in a copious display of lavender whorled flower stalks. And true to its name, Salvia 'Bees Bliss' is a bee, butterfly, and hummingbird magnet! 5" band \$7.95 (Wholesale \$5.95) One Gallon \$13.95 (Wholesale \$9.95)</p>
	<p>Lupinus arboreus (Yellow Bush Lupine) Sun & low water. Found in CA coastal dune and bluff habitat. The sweet fragrance of the 12" yellow flower spikes will attract many pollinators and human admirers. Readily reseeds itself, and seeds that do not sprout make great forage for birds and small mammals. It is also a host plant to many native moths and butterflies. 5" band \$7.95 (Wholesale \$5.95) One Gallon \$13.95 (Wholesale \$9.95)</p>		<p>Erigeron glaucus (Seaside Daisy) Sun to partial shade & occasional to moderate water. Found in coastal dune and bluff habitat throughout the CA coast line, this charming perennial daisy can create a lush ground cover. Flowers almost year round with some down time in the fall. Prefers clay soils on steep slopes or sandy soils on flat surfaces. 5" band \$4.95 (Wholesale \$3.25) One Gallon \$9.95 (Wholesale \$4.95)</p>
	<p>Penstemon heterophyllus (Foothill Penstemon) Sun to part shade & low water. This electric blue and purple perennial is great for rock gardens and any dry areas that need an extra pop of color. Pair with White Sage or Cleveland Sage for a beautiful color contrast. 5" band \$4.95 (Wholesale \$3.25) One Gallon \$9.95 (Wholesale \$4.95)</p>		<p>Salvia spathacea (Hummingbird Sage) Full sun to shade & little to occasional water. Found in oak woodland habitats, this plant has spikes of fuchsia flowers that the hummingbirds will fight over. It will spread by rhizomes and create a nice groundcover. The fruity fragrant leaves also make a wonderful tea. 5" band \$7.95 (Wholesale \$5.95) One Gallon \$13.95 (Wholesale \$9.95)</p>
	<p>Philadelphus lewisii (Mock Orange) Full sun to part shade & low water. This northeastern, ~6'x6' shrub blooms early summer and will be covered in clusters of highly fragrant, orange blossom scented flowers. Prefers well drained loamy/sandy soil. It is winter deciduous. 5" band \$4.95 (Wholesale \$3.25) One Gallon \$9.95 (Wholesale \$4.95)</p>		<p>Clinopodium douglasii (Yerba Buena) Part shade to shade & occasional water. This durable groundcover requires little care and does great on slopes. Perfect for redwood gardens paired with Woodland Strawberry and Douglas Iris. 5" band \$7.95 (Wholesale \$5.95) One Gallon \$13.95 (Wholesale \$9.95)</p>
